Sample Grant Reviewer Agreement Created via CureAccelerator System**

Dear [INSERT REVIEWER NAME],

We are writing to ask you to help us drive more treatments to more patients more quickly through repurposing research.

You have been recommended by [INSERT NAME] of [INSTITUTION NAME] as an independent reviewer of a short Proposal submitted to Cures Within Reach describing the repurposing project entitled, '[PROJECT TITLE]'. We believe that this review, based on prior reviews by other reviewers, should take no more than 20-45 minutes.

Please complete your review by [REVIEW DUE DATE]. Please provide comments as well as a number score for each criteria. Anonymous reviewer comments may be shared with the PI to improve any future submissions.

You do not need specific scientific expertise related to the Proposal to complete your review. We are simply looking for reviewers to evaluate the potential repurposing clinical impact of this project. If a project is selected to move forward from the Proposal stage, the PI will submit a full grant that will undergo a more extensive scientific review process.

You agree 1) not to give the materials to anyone for review or comment without prior approval from CWR; 2) to notify the CWR if you have a direct interest or other conflict in the proposed project(s) presented to you for review, 3) to complete the required reviews and ratings in a timely fashion; and 4) that you are a volunteer to CWR in the capacity of Grant Reviewer and you expect no remuneration and have no fiduciary authority on behalf of CWR.

If you are interested in participating, please click the link below, which will take you to the combined Proposal and scoring sheet page online (after you login). PLEASE NOTE THAT BY CLICKING THE LINK BELOW, YOU AGREE TO BE BOUND BY THE FOLLOWING CONFIDENTIALITY AGREEMENT:
